General provisions

I General provisions

§ 1

1. These Academic Regulations shall govern the organisation of study provided within first-cycle and second-cycle, as well as long-cycle Master's full-time and part-time degree programmes at the Warsaw University of Technology, hereinafter referred to as the "University".
2. The provisions of the Academic Regulations shall apply to all organisational units of the University that provide education referred to in section 1.
3. The Regulations shall specify the relevant rights and duties of students and other persons involved in the education process at the University in all fields of study, levels and profiles of study.
4. The legal basis for the Regulations shall be the Act of 20 July 2018 Law on Higher Education and Science (Journal of Laws of 2018, item 1668 as amended) hereinafter referred to as the "Act" and the Warsaw University of Technology Statute, hereinafter referred to as the "Statute".

§ 2

1. The terms used in the Regulations shall have the following meaning:
 - 1) learning outcomes – a body of knowledge, skills and social competences acquired in the process of learning,
 - 2) flexible study system – organisation of study that enables the student to select courses from the offer of elective courses, specialisation and the topic of the diploma thesis, as well as his or her individual studying pace in line with the relevant registration regulations,
 - 3) study stage – part of the study programme pursued within a given period of time (semester or academic year), upon completion of which the dean shall take the decision to allow the student to continue the study or to take the diploma examination,
 - 4) mode of study – full-time or part-time study,
 - 5) individual organisation of study – approved by the dean at the request of the student, method of organisation of study including individual registration requirements which enable a change of the pace of study and, if possible, an individual study plan,

- 6) individual study plan – approved by the dean at the request of the student, a list of courses which the student is required to pass, including courses pursued at other faculties or at other universities that ensure achievement of the learning outcomes in line with the study programme followed by the student,
- 7) course information sheet – course description that defines, in particular: course objectives, course content, number of course hours, number of assigned ECTS credits and intended learning outcomes,
- 8) course leader – a person responsible for the course syllabus and its delivery, authorised by the dean to award final grades for the course,
- 9) study plan – a list of courses in individual semesters of study,
- 10) timetable – a detailed timetable of classes in a given semester,
- 11) level of study – first-cycle or second-cycle study, or long-cycle Master’s study,
- 12) study profile – practical profile or general academic profile,
- 13) programme of study – description of the education process for a given field of study, level, profile and mode of study, leading to the achievement of intended learning outcomes, including in particular the allocation of ECTS credits to courses being followed,
- 14) course – classes or a set of classes under a common name, with an assigned number of credit points and learning outcomes, pursued within one semester, and awarded a single aggregate grade,
- 15) course tutor – an academic teacher or any other person authorised to run a course,
- 16) passed course – a course for which the student was awarded a positive final grade, entered into the University IT system,
- 17) credit points – ECTS credits defined by the European Credit Transfer and Accumulation System as a measure of a student’s average workload necessary to achieve the intended learning outcomes or other credits assigned to a course in order to conduct the registration procedure,
- 18) retaking a course due to unsatisfactory academic progress – the requirement to retake a course which has been failed, an equivalent course or a course from the same group of courses,
- 19) registration – the dean’s decision on admitting a student to a successive study stage and enrolling the student for it, i.e.:
 - full registration, which means that the student has acquired the number of ECTS points required at this study stage and that the student has met the detailed registration requirements,

- conditional registration, which means that the student had acquired the minimum number of ECTS points required at this study stage and that the student has met the detailed registration requirements,
 - 20) course regulations – description of the course credit regulations and course requirements,
 - 21) specialisation – a separate part of the study programme,
 - 22) part-time study – a mode of study in which fewer than half of the ECTS credits included in the study programme may be obtained for courses with direct participation of academic teachers (or other persons who conduct classes) and students,
 - 23) full-time study – a mode of study in which more than half of the ECTS credits awarded for the study programme may be obtained for courses with direct participation of academic teachers (or other persons who conduct classes) and students,
 - 24) diploma supplement – description of the completed degree programme, including a list of completed courses along with grades and ECTS credits,
 - 25) faculty – a basic organisational unit of the University, as defined in the Statute.
2. The term faculty shall also refer to a college, and the terms dean, faculty board and faculty-level self-government body shall also refer respectively to the head, board and student self-government body of such unit.

§ 3

1. A person shall be admitted to the University and acquire student rights and duties upon swearing the academic oath. The student shall confirm the fact of swearing the academic oath with the student's own signature or with an authenticated signature in the University's IT system. The wording of the oath shall be laid down in the Statute.
2. The student rights and duties shall expire on the day of the loss of student status, in particular upon graduation or upon being struck off the students' register, subject to section 3.
3. A person who graduated from first-cycle study shall retain student rights until 31 October of the year of graduation, excluding the right to benefits laid down in the Act.

§ 4

1. The Rector shall be the superior and guardian of all students of the University.
2. Administrative decisions on individual students' matters, laid down in the Act, shall be issued by the Rector.
3. The Rector may authorise another person to take administrative decisions on individual students' matters.
4. The Rector's administrative decisions may be appealed against in the form of application for re-examination of the case. The appeal application shall be submitted in writing to the Rector through the intermediary of the relevant dean within 14 days of the receipt of the decision.
5. The dean shall take decisions on individual students' matters other than those referred to in section 2, including disputes and conflicts.
6. The decisions referred to in section 5 may be appealed against to the Rector within 14 days of the receipt of the decision. The appeal to the Rector shall be submitted by the student in the paper or electronic form, through the intermediary of the authority that took the decision. The Rector's decision on the appeal shall be final.

§ 5

Student self-government bodies shall represent the interests and express opinions of the students of the University. They also decide or decide jointly with the University authorities on matters concerning students, in accordance with the University's internal legal regulations.

§ 6

1. The University may charge tuition fees for:
 - 1) education in part-time study;
 - 2) retaking courses in full-time study due to unsatisfactory academic progress;
 - 3) education in a foreign language of instruction;
 - 4) courses not included in the study programme;
 - 5) education of foreigners in full-time study in Polish as the language of instruction.

2. The University may also charge fees for:
 - 1) conducting admissions proceedings;
 - 2) conducting confirmation of learning outcomes;
 - 3) issuing a student record book and student ID, as well as copies of these documents;
 - 4) issuing a foreign-language copy of the diploma of graduation and diploma supplement, other than those issued in accordance with Art. 77 section 2 of the Act;
 - 5) issuing a duplicate diploma of graduation and diploma supplement;
 - 6) use of halls of residence and canteens.
3. The amounts of fees referred to in section 1 and section 2 points 2 and 6, the regulations on charging the fees, as well as the conditions and procedures of exemption from the fees referred to in section 1 shall be laid down in the University's internal legal regulations.
4. Students admitted to study through resumption or transfer from another university shall pay the tuition fees referred to in section 1 in accordance with the amounts and regulations laid down in the University's internal legal regulations.
5. The regulations on charging fees for foreigners and the amounts of the fees shall be determined in the Act and related regulations and in the University's internal legal regulations.

Organisation of studies

II Organisation of studies

§ 7

1. Part-time study at the University shall be organised as:
 - 1) evening study,
 - 2) extra-mural study,
 - 3) distance learning.
2. For the full-time study option and the evening and distance-learning study option in part-time degree programmes, the academic year shall include two semesters: the winter semester and the summer semester, while:
 - 1) the winter semester shall include 15 weeks of classes, a winter holiday period, a minimum two-week winter examination period and the registration period;
 - 2) the summer semester shall include 15 weeks of classes, a spring holiday period, a minimum two-week summer examination period, an uninterrupted summer holiday of minimum 4 weeks, a minimum two-week autumn examination period and the registration period.
3. For the extra-mural study option in part-time degree programmes, the academic year shall include two semesters: the winter semester and the summer semester, while:
 - 1) the winter semester shall include at least 7 two- or three-day on-campus sessions, a winter examination period during the two on-campus sessions after the end of the classes and the registration period;
 - 2) the summer semester shall include at least 7 two- or three-day on-campus sessions, a summer examination period during the two on-campus sessions after the end of classes, one or two examination on-campus sessions in the autumn examination period and the registration period.
4. Internships and field work may take place at any time during the academic year in accordance with the study programme.
5. For degree programmes conducted jointly with another university, an institute of the Polish Academy of Sciences, a research institute, an international institute, a foreign university or a scientific organisation, the organisation of the academic year shall be laid down in a joint degree programme agreement.

6. The Rector shall establish the academic calendar for each academic year and publish it at least four months prior to the beginning of the academic year.
7. The Rector may establish class-free days or class-free hours during the academic year, and the dean may establish class-free hours.
8. The dean may change the date of the end of classes in the last semester of first-cycle study.

§ 8

1. Schedules for examination periods shall be established by the dean after consultation with the faculty-level self-government body and with regard to the dates of examinations in foreign languages, and shall be published no later than three weeks before the beginning of the period. The schedule for the autumn examination period and the schedule for the summer examination period should be published simultaneously.
2. In order to conduct examinations, the following shall be set in the examination period:
 - 1) in the winter examination period – at least two dates for each course of the winter semester ending with an examination,
 - 2) in the summer examination period – at least two dates for each course of the summer semester ending with an examination,
 - 3) in the autumn examination period – at least one date for each course of the winter and summer semesters ending with an examination, subject to sections 3 and 4.
3. In the case of courses ending with an examination which are conducted both in the winter and summer semester, in the autumn examination session no dates for examinations on courses conducted in the winter semester shall be set.
4. If the study programme provides for winter-semester-based registration, after consultation with the faculty-level self-government body, the dean may set the dates of retake examinations after the winter semester outside of the examination sessions.

§ 9

1. Students shall follow degree programmes in accordance with a defined study programme. Study programmes and the learning outcomes defined therein shall be laid down by the Senate upon the motion of the dean,

after consultation with the faculty board and faculty-level self-government body.

2. Study plans shall be published at least 3 months prior to their commencement.
3. A detailed class timetable, established by the dean after consultation with the faculty-level self-government body, shall be published at least seven days before the beginning of classes in a given semester.

§ 10

1. The University shall participate in the European Credit Transfer and Accumulation System (ECTS).
2. Education at the University shall be based on a flexible study system.
3. Classes within part-time programmes and those within full-time programmes shall be run separately.
4. Courses shall be taught in the language specified in the study programme, with the exception of foreign language classes. Second-cycle or long-cycle Master's degree programmes in Polish as the language of instruction may include elective courses taught in a foreign language.
5. The study programme in Polish as the language of instruction may include elective courses taught in a foreign language.
6. The regulations on the selection of specialisation and elective courses shall be laid down by the dean after consultation with the faculty-level self-government body.
7. In order to graduate, the student shall meet all the requirements defined in the study programme, i.e.:
 - 1) pass all the compulsory courses,
 - 2) pass internships if they are obligatory,
 - 3) pass elective courses so that the total number of credits is no less than the required number of credits,
 - 4) submit a diploma thesis approved by the thesis advisor,
 - 5) satisfy any other requirements, if provided for in the study programme and pass the diploma examination.

§ 11

1. For each course offered, the course leader shall draw up a course information sheet, the content of which is specified by the University's internal

- legal regulations, and make it available to students in a publicly accessible system specified by the dean.
2. For each course offered, the course leader shall draw up a course information sheet which shall be made available to students in a publicly accessible system specified by the dean and include information on:
 - 1) recommendations or restrictions on student participation in a course resulting from the required sequence in which the courses should be followed in line with the study plan,
 - 2) regulations on student mandatory attendance at courses for which attendance is obligatory, including the allowable limit of non-attendance and justification of non-attendance,
 - 3) methods of partial and/or final verification of learning outcomes achievement by the student (examination, written and oral tests, reports on laboratory tests, projects and others),
 - 4) types of materials and devices approved for use by students during verification of learning outcomes achievement,
 - 5) rules for awarding course credit and the final course grade,
 - 6) dates and methods of providing information on grades awarded to students, and the rules for improving the grades,
 - 7) possibility and rules for students' participation in tests and examinations held on additional dates,
 - 8) rules on retaking particular types of classes included in the course due to unsatisfactory academic progress.
 3. The course regulations may also include information other than that listed in section 2, depending on the specificity of given classes.
 4. Upon the consent of the majority of students registered for a given course, regulations and rules referred to in section 2 may be subject to change during classes and in the period when the course can be completed.
 5. Students registered for a given course may submit their comments on the course regulations.
 6. During the first class or organisational meeting, the course tutor shall present and provide students with access to the following information:
 - 1) course regulations,
 - 2) course objectives and course content,
 - 3) intended learning outcomes,

- 4) schedule of partial and/or final verification of learning outcomes achievement, in particular the due dates for written and oral tests, deadlines for submission of reports on laboratory work and projects, and the dates for retakes if allowed within a particular course,
 - 5) list of recommended literature,
 - 6) dates and place of office hours, having regard to the students' class schedule.
7. Attendance in classes, with the exception of lectures, shall be compulsory and it can be monitored. The rules for justification of non-attendance shall be laid down in course regulations. In disputed cases, the decision on justification of non-attendance shall be taken by the dean.
 8. Students may record sound and image during classes only upon the consent of the course tutor. Should such consent be granted, the recorded materials may not be made publicly available.
 9. A student with a disability may apply to the dean to have a faculty supervisor appointed from among academic teachers. The dean takes the decision after consultation with the Section for People with Disabilities at the Office for Social Responsibility of the University*. The role of the supervisor shall be to specify and present to the dean special needs of the student in terms of organisation and completion of the education process, including study and learning adjustments in accordance with the type of his or her disability.

* pursuant to the organisational changes introduced with Regulation no. 5/2022 of the Warsaw University of Technology Rector of 3 February 2022

Admission to study

III Admission to study

§ 12

1. A student shall be admitted to study based on admissions procedure, confirmation of learning outcomes, or transfer from another domestic or foreign university.
2. The regulations governing admission to study based on admissions procedure in a given academic year, in particular the requirements, the mode, and the starting and closing dates for admission, shall be laid down by the Senate.
3. The regulations, requirements and procedure of admission based on confirmation of learning outcomes shall be laid down in the University's internal legal regulations.
4. A person expelled from the study as a result of a disciplinary penalty may not be readmitted to study at the University prior to the deadline for the penalty to be erased from the register of penalties.

§ 13

1. A student may be admitted to study at the University through transfer from another home or foreign higher education institution, on the basis of the dean's decision. For foreigners, the decision is taken by the Rector at the request of the dean.
2. Only a student who has successfully completed at least the first year of first-cycle study or long-cycle Master's study, or the first semester of second-cycle study at the home institution, and who has obtained a written confirmation of initiation of proceedings of leaving the home institution through transfer shall be eligible to apply for transfer.
3. A student shall be transferred at the student's application submitted no later than one month prior to the beginning of the semester for which the student is to be admitted to the study. With the admissions application, the student shall be obliged to submit the documentation on the course of study completed at the home institution, confirmed thereby.
4. On the basis of the documentation on the course of study at the home institution, the dean may recognise the learning outcomes achieved by the student prior to admission to the University and exempt the student from relevant courses.

5. The dean of the receiving faculty shall determine the admissions requirements, including the need to conduct a qualifications test, the number of recognized semesters of study and shall set a list of curriculum differences that the student shall be required to make up for as well as the final dates for their completion.
6. In the event that a qualifications test is conducted, the decision on admission to study through transfer from another university shall be based on the result thereof.
7. In the event of divergences between the learning outcomes achieved at the home institution and the learning outcomes achieved at the receiving faculty at the same study stage, the student shall be admitted to a lower semester of study than he or she was registered on at the home institution, subject to § 22 section 2.

§ 14

1. A person admitted to study shall be registered as a student of the University and shall be given a unique student record book number, an individual bank account number to be used for payments to the University, an individual University email account and an individual account in the University IT system.
2. Having sworn the academic oath, the student shall receive a student ID card. The student may receive a student record book or a matriculation act if these are used in the unit providing the study programme.

IV

Resumption of study

IV Resumption of study

§ 15

1. An application to resume study may be submitted by a person struck off the register of students who has met the requirements for full registration for the second year of first-cycle study or long-cycle Master's study, or the second semester of second-cycle study.
2. Study shall be resumed in the field of study that the person applying for resumption pursued before and to the study programme pursued at the moment of resumption of study.
3. Prior to the resumption, the dean shall define the terms, time limit and the method how to make up for the previously uncompleted courses and/or curriculum differences in the study programme pursued by the person resuming study.
4. The person resuming study shall be required to make up for the unfulfilled requirements and curriculum differences specified by the dean, as referred to in section 3, regardless of the number of semesters previously completed. The person resuming study shall present a medical certificate on no health contraindications to pursuing a given field of study, subject to section 4a.
- 4a. The person resuming study only in order to take the diploma examination, without fulfilling other requirements laid down in the study programme, shall not be required to present a medical certificate on no health contraindications to pursuing a given field of study.
5. Resumption of study shall be based on the dean's decision. Study shall be resumed to the semester directly following the semester when the student was struck off the register of students, except for resumption of study in order to take the diploma examination.
6. In order to take the diploma examination, study shall be resumed for the period necessary to prepare and conduct the diploma examination following the submission of the diploma thesis by the person applying for resumption and after the person applying for resumption has met other requirements defined in the study programme.
7. The application for resumption of study may be submitted no later than 5 years after the decision on striking a student off the register of students has become final.

8. No more than two resumptions of study by the same person shall be allowed and no more than three applications for resumption of study may be submitted.
9. Resumption of study shall not be possible if the student struck off the register has failed to settle financial and material liabilities towards the University.

Study regulations and student registration

V Study regulations and student registration

§ 16

1. Types of classes which may be provided within a course shall include: lectures, tutorials, computer classes, language classes, project classes, laboratory classes, and seminars.
2. Course credit shall be based on verification of the learning outcomes achieved by a student as a result of participating in all the classes conducted within a given course.
3. A course pursued in a given semester in the form of classes of various types shall be awarded a final grade in accordance with the course regulations.
4. Course credit shall be given by the course leader who shall also enter the grade into the documentation of the course of study in the IT system. The course leader may be replaced by an academic teacher authorised by the dean.
5. Course credit shall mean assignment of a relevant number of credits specified in the study programme.

§ 17

1. An examination shall verify the learning outcomes achieved by a student within the scope defined by the syllabus for a given course. An examination shall be conducted by the course leader, who may be replaced by an academic teacher authorised by the dean.
2. Except for the examination, verification of the learning outcomes achieved by a student shall take place before the end of classes in the semester. In justified cases, the dean may set another date for verification of learning outcomes achievement.
3. A person subject to verification of learning outcomes achievement shall, upon request, present an identity document or a student ID card.
4. At all dates of examinations and tests, identical rules shall apply to verification of learning outcomes achievement and grade determination.
5. Verification of learning outcomes achievement shall be done in the language of instruction. In justified cases, the dean may grant permission for the student to complete some courses in a language other than the language of instruction.

6. A student shall have a right to take an examination on one of the three examination dates set within examination periods or outside of examination periods. The student may take the examination at other times, if provided for in the course regulations.
7. In the case of a course that is pursued both in the winter semester and the summer semester, a student pursuing the course in the winter semester may take the examination on one of the two examination dates set for the winter examination period, and if the student did not pursue the course in the summer semester, the student may take the examination in the autumn examination period.
8. The timing of the examination may not interfere with other classes attended by the student.
9. Regulations governing the conduct of examinations in foreign languages shall be defined by the University's internal legal regulations.
10. The dean or course leader may recognize the learning outcomes achieved by the student as a result of completing other study programmes or through participation in research, development and implementation work, a research camp, work in student research, artistic and sports groups, national and international educational programmes or student internship, as the achieved learning outcomes of a given course, and may fully or partly exempt the student from participation in the classes of this course.
11. At the request of a student with a disability, the dean may, where possible, change the method for verification of the achieved learning outcomes to adapt it to the type of the student's disability.

§ 18

1. The following grades and their verbal descriptors shall be used to determine the level of learning outcomes achievement for a given course:
 - 1) 5.0 – five or very good,
 - 2) 4.5 – four and a half or above good,
 - 3) 4.0 – four or good,
 - 4) 3.5 – three and a half or fairly good,
 - 5) 3.0 – three or satisfactory,
 - 6) 2.0 – two or fail.

2. A fail grade (2.0) shall be equivalent to non-completion of a course by a student.
3. Some courses specified in the study programme may be graded in a descriptive way as passed or failed.
4. The weighted average of grades shall be determined on the basis of all numerical grades awarded since the commencement of study (cumulative average) or within a given study stage (stage average), where the weight shall be the numbers of credits assigned to each course for which a grade has been awarded.
5. A range of courses other than that laid down in section 4 may be taken into account when calculating the weighted average of grades, depending on its specific applications defined by separate regulations.

§ 19

1. The course tutor shall provide students with the results from the verification of learning outcomes achievement immediately after the award of the grade but no later than 48 hours prior to the date of the next examination or test.
2. At the request of the student, the course tutor shall ensure that the student has immediate access to view his or her marked written papers. The request may be made until the end of a given academic year.
3. The course leader shall enter the final grades for the course into the documentation of the course of study in the University's IT system within the deadline specified by the dean.
4. If during the verification of learning outcomes achievement, it is established that the student works with external assistance or uses materials or devices unauthorised by the course regulations, the student shall be awarded a fail grade and shall lose the right to pass the course being currently pursued.

§ 20

1. Within four working days of the date on which the results from the verification of learning outcomes achievement for a given course are communicated, a student raising objections to the correctness of the conduct of the verification procedure may submit to the dean a substantiated request for verification of learning outcomes achievement before a board.

2. The dean may order a verification of learning outcomes achievement before a board on his or her own initiative.
3. The verification of learning outcomes achievement before a board should take place within 7 days from the submission of the request by the student or the decision made by the dean. A board composed of at least three academic teachers shall be appointed by the dean. At the request of the student or a body of student self-government, a chosen academic teacher or a representative of student self-government may sit on the board.
- 3a. A report shall be drawn up on the verification of learning outcomes achievement before a board.
4. The verification of learning outcomes achievement before a board, conducted in the form of an examination, may be attended by a person indicated by the student as an observer.
5. The verification of learning outcomes achievement before a board may involve reassessment of the examination paper or test if they were done in writing.
6. The result of the verification of learning outcomes achievement taken before a board shall be final at a given study stage.

§ 21

1. Non-completion of a course at a given study stage shall result in the necessity to retake the classes in this course, i.e., to complete the course again, to complete an equivalent course or a course from the same group of courses, depending on the study programme. Retaking classes in a course shall require payment of a fee in accordance with the procedures and to the amount determined by the University's internal legal regulations.
2. If the retaken course includes classes of various types, the student may be exempt from the requirement to retake some classes for which the achieved learning outcomes have undergone positive verification. The conditions of such exemption shall be laid down in course regulations.

§ 22

1. Detailed rules of registration for consecutive study stages shall be laid down by the dean after consultation with the faculty board. The rules shall be published no later than twelve months prior to the commencement of the registration period.

2. A full-time student may be registered for no longer than two semesters beyond the nominal duration of the study. The limit of the maximum study duration shall exclude periods of leaves.
3. For each study stage, the dean shall set the minimum and full registration requirements, while:
 - 1) meeting the minimum registration requirements shall allow the student to be registered for the subsequent study stage,
 - 2) meeting full registration requirements determined both for a given study stage and for all preceding study stages shall mean that the preceding study stages shall be deemed passed,
 - 3) full registration requirements should cover the requirement to pass all compulsory courses and the requirement to obtain the total number of credits determined in the study programme for all preceding study stages.
4. Registration for a subsequent study stage shall be performed by the dean within the time limit set by the Rector.
- 4a. All decisions related to registration shall be taken by the dean.
5. Lack of academic progress determined on the basis of the student's failure to meet the minimum registration requirements may be the basis for striking the student off the register of students.

§ 23

1. Prior to the commencement of classes in a semester, the student shall, within the time limit set by the dean, declare the courses to be pursued in the semester.
2. Detailed regulations on submission of declarations on course enrolment, including the consequences of failure to submit thereof, shall be determined by the dean.
3. On the basis of the declarations submitted, lists of students enrolled for courses and classes in these courses shall be drawn up. The possibility to attend a course or to participate in classes may be limited by the course sequence requirements and by the student group size.
4. After consultation with the faculty board, the dean may determine additional conditions for course attendance or class participation.

5. A student who fails to present a valid medical certificate stating no contraindications to participate in classes during which he or she may be exposed to harmful, uncomfortable or hazardous conditions, and has not done the health and safety training, may be refused permission to participate in classes.

§ 24

1. Individual organisation of study may be applied for by:
 - 1) a student with outstanding achievements, in particular scientific, artistic or sports achievements,
 - 2) a student with a disability if this is required by his or her health condition certified with a relevant medical opinion or a medical certificate,
 - 3) a student whose health condition prevents him or her from fulfilment of student duties in a normal manner, as certified with a relevant medical assessment or a medical certificate,
 - 4) a student who pursues more than one full-time study programme,
 - 5) a student admitted to study based on confirmation of learning outcomes achievement or through transfer from another university,
 - 6) a student who changes the study programme through transfer within the University.
2. The dean may consent to an individual organisation of study at the student's justified request submitted at least 2 weeks prior to the beginning of the semester, whereas this deadline shall not apply to the case referred to in section 1 point 3. The consent to an individual organisation of study shall be granted for a definite period and shall be restricted by the University's organisational capacity.
3. In full-time study, the dean shall consent to an individual organisation of study at the request submitted by a pregnant student or by a parent-student. The consent to an individual organisation of study may then be granted for a period necessary to complete the study programme.
4. Individual organisation of study may not be the reason for extension of the registration deadline.

§ 25

1. Part of the study programme may be completed outside the home unit, e.g., at another faculty of the University or another domestic or foreign university, in particular pursuant to interuniversity agreements stemming from the University's participation in domestic and international student exchange programmes.
2. Completion of part of the study programme outside the home unit shall require the dean's consent. The dean's consent shall constitute a promise that course credits obtained by the student shall be recognised on account of the requirements of the study programme pursued in the home unit.
3. The decision to recognize courses passed by the student outside the home unit shall be taken by the dean at the student's request upon investigation of the submitted documentation of the course of study completed outside the home unit. Recognition of the courses passed shall depend on confirmation of equivalence of the learning outcomes achieved by the student with the learning outcomes defined for courses listed in the study programme in the home unit.
4. The dean shall define the number of ECTS credits assigned to the courses passed by the student and shall convert the grades awarded to the grading scale used at the Warsaw University of Technology if the courses have no number of credits assigned or if the grading system used at the receiving university is different from the system at the Warsaw University of Technology.
5. Outside the home unit, a student may complete courses not included in the study programme pursued in the home unit. In the case where the dean determines there is no equivalence between the learning outcomes achieved by the student and the learning outcomes defined for courses listed in the study programme in the home unit, the courses may be recognized as extra-curricular courses.

§ 26

1. A student may apply to the dean for recognition of learning outcomes achieved in the course of his or her professional, scientific or other activity. The application shall document the achievement of learning outcomes equivalent to learning outcomes defined in the study programme being pursued by the student.

2. The dean shall determine the procedure and method of documenting the application and the limit of credits that can be awarded following the recognition of learning outcomes achievement.
3. The application for recognition of learning outcomes achievement should be evaluated by an academic teacher appointed by the dean.
4. The opinion of the academic teacher shall include: evaluation of the completeness and accuracy of the documentation confirming the student's achievement of learning outcomes, evaluation of the correctness of the student's assessment of the workload related to achievement of learning outcomes and a proposed grade.
5. If the application is approved, the dean shall award the student credit for the course equivalent to the achieved learning outcomes, assign it the number of due credits and award a grade which shall be included in the weighted grade average.

§ 27

1. Internships may be completed at the University or in external entities. Professional work, a job internship or voluntary work may be recognised as an internship if the learning outcomes achieved as a result of their performance correspond to the learning outcomes defined for internships provided for in the study programme. The rules and procedures for internship completion shall be laid down in the study programme and the University's internal legal regulations.
2. The credit for internships shall be awarded by the dean or by an academic teacher authorised by the dean.
3. If a student participates in research and development work, the dean or an academic teacher authorised by the dean may recognize the achievement of learning outcomes defined for internships in the study programme and may exempt the student from the requirement to complete an internship.

§ 28

1. A student who has outstanding academic achievements may apply to the dean for consent to follow an individual study plan.
2. A request to follow an individual study plan can be made by a student who has obtained full registration for the second year of first-cycle study or long-cycle Master's study, or for the second semester of second-cycle study.

3. In justified cases, the dean may grant permission to a student to follow an individual study plan despite his or her failure to meet the requirements referred to in section 2.
4. A student applying for an individual study plan shall:
 - 1) request an academic teacher to act as his or her academic tutor,
 - 2) design a study plan together with his or her tutor and submit it to the dean for approval.
5. Changes to the individual study plan may be made at the joint request submitted to the dean by the student and the tutor. The decision to introduce any such changes shall be taken by the dean.
6. Where difficulties arise in the implementation of an individual study plan, the dean, having consulted the tutor, shall take a decision allowing further implementation of the programme, adjusting it or withdrawing consent for the individual study plan.

VI

Award of diploma
and graduation

VI Award of diploma and graduation

§ 29

1. The diploma thesis shall be prepared by a student under the supervision of a thesis supervisor authorised by the dean. Supervision of the diploma thesis shall include subject-related support of the supervisor and preparation of an opinion on the approval of the diploma thesis and the proposed grade. In the case of second-cycle study and long-cycle Master's study, the diploma thesis shall be prepared under the supervision of a person who holds at least the doctoral degree.
2. The diploma thesis shall be an independent elaboration on a research or practical topic or a technical achievement, reflecting a student's general knowledge and skills related to his or her field of study, level of study and educational profile, as well as testifying the acquired analytical and critical thinking skills. In particular, the diploma thesis may be a written paper, a published article, project work, as well as a construction or technological work.
3. Out of his or her initiative, a student may propose the topic of his or her diploma thesis relevant to his or her academic and professional interests and to the study programme followed.
4. The diploma thesis may be a result of teamwork provided that the contribution of each team member is specified in detail.
5. The diploma thesis shall be presented in the form of a hard copy together with its digital version. The diploma thesis must include the title, an abstract and a list of keywords in Polish and in English, and if a student applies for a copy of the diploma translated into a foreign language other than English, the thesis must also include the title, an abstract and a list of keywords in the relevant language.
6. At the student's request, approved by the diploma thesis supervisor, the dean may give consent for the thesis to be written in a language other than the language of instruction. Such a diploma thesis shall include the title, an abstract and a list of keywords in Polish, in English, and in the language of the thesis if it is other than the above mentioned languages.
7. The diploma thesis may be a part of a research programme conducted either by the University or by a student research group; it may also be prepared in cooperation with an external entity.

1. A student shall be required to submit his or her diploma thesis to the thesis supervisor, through the IT system, no later than three weeks before the end of the semester in the case of a Bachelor's (inżynier and licencjat) thesis, and until the last day prior to the beginning of the registration period in the case of a Master's (magister) thesis. Within the time limit specified in faculty-level internal regulations on diploma procedures, the supervisor shall prepare an opinion on approval of the diploma thesis and propose a grade for the thesis. The time limit may not be longer than 5 working days from the day the student submitted the thesis. If the diploma thesis is not approved, the opinion should include a substantiation and the student may appeal to the dean, within 14 days of the receipt of the opinion.
 - 1a. A positive opinion of the supervisor is required for the diploma thesis to be deemed submitted.
 - 1b. After the receipt of the supervisor's positive opinion, the student shall submit to the dean an application for admission to the diploma examination without delay.
2. At the request of the thesis supervisor or at the request of the student, the dean may extend the deadline for the submission of the diploma thesis, but this shall not exceed a period of three months from the deadlines set in section 1 above.
3. Provisions of § 33 section 1 point 3 of the Regulations shall apply to a student who fails to submit the diploma thesis by the specified deadline.
4. The dean shall appoint a reviewer of the thesis from among persons authorised to supervise diploma theses.
5. The reviewer shall draw up a review of the thesis, including the proposed grade. The student shall have the right to become familiar with the review no later than three days before the date of the diploma examination.
6. The confidentiality rules for diploma theses the subject of which constitutes a legally protected secret shall be laid down in the University's internal legal regulations.
7. In the case of a prolonged absence of the diploma thesis supervisor, which may affect the timely submission of the thesis, at the student's written request, after consultation with the head of the unit in which the thesis is prepared, the dean shall appoint a new thesis supervisor.

1. The decision to admit a student to the diploma examination shall be taken by the dean within 5 working days of submission of the application referred to in § 30 section 1b. Admission to the diploma examination requires that:
 - 1) the student has satisfied the requirements laid down in the study programme;
 - 2) the student has submitted a diploma thesis approved by the thesis supervisor;
 - 3) the thesis supervisor has approved the results of the plagiarism check report.
2. Before taking the diploma examination, the student shall settle all the due obligations towards the University.
3. The diploma examination should be held no later than within 30 working days following the date of the dean's decision on admission thereto, excluding class-free days. The setting of the date for the examination and notification of the student thereof shall take place no later than three days before the examination.
4. The diploma examination shall be taken before a board appointed by the dean and composed of at least four members, including: the chairperson of the board, the supervisor of the diploma thesis, the thesis reviewer, and an academic teacher representing the specialisation or field of study of the student taking the examination. The diploma examination board may not be chaired by the thesis supervisor. In special cases, the dean may appoint a person to act as the substitute for the supervisor or reviewer of the diploma thesis.
5. At the request of the student or the thesis supervisor, an appointed academic teacher or a student appointed by the faculty-level student self-government body may participate as observers in the examination.
6. The diploma examination shall be an oral examination. Only members of the diploma examination board shall have the right to ask questions during the examination.
7. The diploma examination shall be conducted in the language of instruction. At the student's request, the dean may give consent for the diploma examination to be conducted in a language other than the language of instruction.

8. The diploma examination board shall determine the grade for the diploma thesis, having regard to the grades proposed by the thesis supervisor and the reviewer. If the diploma thesis is awarded an unsatisfactory grade, it shall be deemed not to have been submitted.
9. On successful completion of the diploma examination, the board shall determine:
 - 1) the grade for the diploma examination,
 - 2) the final grade for the course of study to be given in accordance with § 32 section 2 and the final result of the course of study in accordance with § 32 section 3.
10. At the request of the diploma examination board, the dean may apply to the Rector to distinguish the graduate who graduated with an excellent result. The form of distinguishing graduates shall be determined by the Rector.
11. If, for duly justified reasons, a student fails to take the diploma examination on a specified date, the dean shall set another date for the examination.
12. If a student fails the diploma examination, or, for no justifiable reason, fails to take the diploma examination on the appointed day, the dean shall set another date for the examination, which shall be deemed final. The second examination should take place after one month has elapsed but no later than within three months following the first examination date. In justified cases, at the request of the student and upon the consent of the dean, the second examination may be held earlier.
13. If a student fails the diploma examination on the second date, provisions of § 33 section 1 point 3 of the Regulations shall apply.

§ 32

1. Having passed the diploma examination, a graduate shall obtain a higher education diploma.
2. The final numerical result shall be calculated up to two decimal points and shall be equal to the sum of:
 - 1) 0.6 of the weighted average of all overall grades for courses, with weightings proportional to the number of credit points allocated to each course,
 - 2) 0.3 of the grade for the diploma thesis,
 - 3) 0.1 of the grade for the diploma examination.

3. The final grade for the course of study shall be based on the final numerical result and determined in accordance with the following rule:
 - 1) 4.70 and above – excellent,
 - 2) between 4.40 and 4.69 – very good,
 - 3) between 4.10 and 4.39 – above good,
 - 4) between 3.80 and 4.09 – good,
 - 5) between 3.50 and 3.79 – fairly good,
 - 6) up to 3.49 – satisfactory.
4. Detailed regulations and procedures on issuing the diploma of graduation, the diploma supplement and their copies shall be laid down in separate regulations.
5. (repealed)
6. (repealed)
7. The faculty may organise a special graduation ceremony at which higher education diplomas shall be presented by the dean.

VII

Striking off the
register of students
and termination of the
student status

VII Striking off the register of students and termination of the student status

§ 33

1. The dean shall take a decision to strike a student off the register of students if he or she:
 - 1) has not taken up study;
 - 2) has withdrawn from study;
 - 3) has not submitted the diploma thesis or has not taken the diploma examination by the specified deadline;
 - 4) has been punished with the disciplinary penalty of expulsion from the University.
2. The Rector may take an administrative decision to strike a student off the register of students if he or she:
 - 1) has failed to attend obligatory classes;
 - 2) has demonstrated no progress in learning;
 - 3) has failed to complete successfully a semester or year of study within the specified time limit;
 - 4) has failed to pay study-related fees.
3. Failure to swear the academic oath within 14 days from the date the classes commence shall be the equivalent to not taking up the study.
4. A written notification of withdrawal from study shall be submitted to the dean.
5. Lack of academic progress shall be stated in the event the student fails to obtain registration for the next study stage within the specified registration time limit or fails to meet the requirements defined in the study programme before submission of the diploma thesis in the last semester of study.
6. Unjustified non-attendance at mandatory classes shall be the basis for striking the student off the register of students and shall prevent his or her registration for the subsequent study stage.
7. In the case of:
 - 1) a student's death,
 - 2) student's loss of legal capacity,
 - 3) revoking the decision on admission to studystudent status shall be terminated, which shall have the same consequenc-

es as striking a student off the register of students.

8. A person struck off the register of students, except for the case referred to in section 7 point 1, shall be required to settle all financial and material liabilities towards the University within 14 days of the day when the administrative decision on striking off the register of students has become final and binding.

VIII

Student rights

VIII Student rights

§ 34

1. In addition to the rights stemming from the universally binding legal acts, the Statute, and other internal laws binding at the University, a student shall have the right to:
 - 1) develop his or her interests in the areas of research, culture, tourism and sports and make use, for this purpose, of the teaching facilities, IT infrastructure, equipment and other resources available at the University and receive relevant support from the academic staff and other bodies of the University, in accordance with the regulations laid down in the University's internal legal regulations,
 - 2) make use of the library resources and scientific information available in the University library system,
 - 3) pursue membership in student organisations, in particular student research groups, artistic and sports teams and clubs, as well as participating in research, development and implementation work conducted at the University and within domestic and international educational programmes,
 - 4) receive financial support in accordance with the rules stemming from the universally binding legal acts and the University's internal legal regulations,
 - 5) express directly or indirectly through student representatives in the University collegial bodies his or her opinion on the education process, on the completion of teaching obligations by academic teachers, and on other matters affecting academic and student affairs,
 - 6) make complaints and recommendations on the organisation and course of studies, and on relevant social matters,
 - 7) participate in the work of University collegial bodies in compliance with the rules laid down in the Act and in the Statute,
 - 8) jointly decide through student self-government bodies on matters related to the functioning of the University, the education process, awarding financial support, prizes and distinctions to students, as well as allocation of funds for student matters by the University,
 - 9) apply to be accommodated along with his or her spouse and children at a University hall of residence,
 - 10) participate in the social and cultural life of the University.

2. A student shall hold the passive and active voting rights in elections to the University governing and other collegial bodies, based on the regulations laid down in the Act and in compliance with the University's internal legal regulations.
3. A student shall have the right to pursue the study programme he or she was admitted to for a period at least equal to the nominal duration of study, calculated from the commencement date of the study.
4. In the event a study programme in a given field of study, level of study or educational profile ceases to be provided, the University shall ensure that the student can continue his or her study at the same level and profile in a field of study related to the scientific discipline which the original field of study was assigned to.
5. A student may be awarded distinctions and prizes by the Rector or the dean. A distinction or prize may be, in particular:
 - 1) a commendation entered into the student academic records,
 - 2) a distinction entered into the student academic records,
 - 3) a prize in kind or cash.Other forms of distinction may be used and various types of distinctions and prizes may be awarded in combination.
6. The criteria and rules for the award of distinctions and prizes shall be laid down in separate regulations in force at the University. Information on prizes and distinctions should be announced to the academic community.

§ 35

1. A student may transfer to another field of study upon the consent of the dean of the receiving faculty and of the dean of the home faculty. The dean of the receiving faculty may refuse to consent to the transfer where, for example, the applicant for the transfer fails to meet the qualification requirements for persons admitted to study through admissions procedure or where there are significant curriculum differences.
2. Only a student who has met the requirements of full registration for the second year of first-cycle study or long-cycle Master's study, or for the second semester of second-cycle study shall be eligible to apply for transfer.
- 2a. The application for transfer should be submitted no later than three weeks prior to the beginning of the semester.

3. Upon recognition of the learning outcomes and course credits achieved by the student prior to the transfer, the dean may set a list of curriculum differences that the student shall be obliged to make up for and the final dates for their completion.
4. The dean may give permission for the transfer of a student from a full-time degree programme to a part-time degree programme, and vice versa. In the case of transfer from a full-time degree programme to a part-time degree programme at the same faculty, the student shall be exempt from the requirements referred to in section 2 above.
5. The decision on transfer to another study programme shall be taken by the dean.

§ 36

1. A student shall be entitled to take leaves of absence from classes and leaves of absence from classes with an option to undergo verification of the achieved learning outcomes defined in the study programme. The student may be granted the following leaves of absence:
 - 1) health leave of absence,
 - 2) special leave of absence,
 - 3) unconditional leave of absence.
2. A leave of absence shall be granted by the dean at the request of the student. A leave of absence may not be granted for a period longer than two consecutive semesters.
3. Health leave may be granted by the dean only on the basis of a certificate issued by an authorised physician. The template for applications for a health leave of absence shall be laid down in the University's internal legal regulations.
4. Special leave shall be granted by the dean to a student who, upon the dean's consent, takes an extra-curricular part of his or her degree programme in another higher education institution or undertakes a job training or an internship, or to a student who has documented significant extraordinary circumstances, or when there are other justifiable reasons for granting such leave.

5. Special leave of absence shall be granted by the dean to:
 - 1) a pregnant student for the period before childbirth,
 - 2) a parent-student for a maximum period of one year at the request submitted no later than one year after the birth of his or her child, but if the leave ends during a semester, the dean may extend it until the end of the semester.
6. Unconditional leave shall be granted by the dean at the request of a student who has met the requirements of full registration for the second year of first-cycle study or long-cycle Master's study, or for the second semester of second-cycle study. Such leave may be granted only once over the entire duration of studies and no later than within 14 days from the beginning of a semester. If such leave was granted for one semester, it may be extended to the subsequent semester.
7. When granting a leave of absence which allows for the verification of the achieved learning outcomes defined in the study programme, the dean shall define the requirements for the student subject to the verification of the achieved learning outcomes.
8. Courses failed by the student in the semester for which the health leave of absence was granted shall be deemed not to have been completed, except for the courses that upon the dean's consent the student could take or the courses that upon the dean's consent the student may complete after the leave of absence.
9. A student should apply for a leave of absence immediately after the circumstances justifying his or her application for a leave of absence have occurred.
10. During the leave of absence, the student shall retain student rights. The entitlement to financial support over that period shall be laid down in the Act and the University's internal legal regulations.
11. A student who returns from a leave of absence may be obliged by the dean to complete, within specified time limits additional courses resulting from the changes made to the study programme during the leave of absence.
12. In justified cases, the dean may, at the request of the student, excuse a short-term non-attendance in classes.

IX

Student duties and responsibility

IX Student duties and responsibility

§ 37

1. A student shall conduct himself or herself in accordance with the academic oath and the University's internal legal regulations. In particular, a student shall:
 - 1) pursue his or her studies in accordance with the study programme and timetable, in particular attend classes and organisational meetings, obtain credit for courses and take examinations, complete internships and complete any other tasks stemming from the study programme,
 - 2) act with honesty towards the University and the academic community and, in particular, observe the rules of social conduct,
 - 3) uphold the interests of the University and care for the University property,
 - 4) obey the regulations on intellectual property rights,
 - 5) on the basis of a referral from the University, obtain and have a medical certificate on no contraindications for study in a given field of study,
 - 6) immediately inform the University of any changes in the personal data during the study, in particular correspondence address, and also of a change of the ID documents and changes that may impact the scope and amount of the awarded financial support,
 - 7) use documents and information available to the student through the University's IT system, in particular verify in the system his or her individual financial liabilities, partial and overall course grades and registration status,
 - 8) use the accounts in the University's email system and regularly check the individual email box; information forwarded to the student by the University administration through the system shall be binding for the student,
 - 9) complete the required health and safety trainings.
2. A student shall timely pay the study-related tuition fees and fees for educational services if such fees result from the regulations in force at the University. Failure to pay the fees within a specified time limit may result in striking a student off the register of students in accordance with § 33 section 2 point 4.

1. A student shall be answerable for demeaning student dignity or for any breach of the regulations in force at the University, including the appropriation of the authorship of another person's complete work or part thereof.
2. A person aware that a student has committed an act which may give rise to disciplinary proceedings shall report the fact to the Rector through the intermediary of the dean.
3. The decision to refer a case to the Disciplinary Prosecutor shall be taken by the Rector.
4. Disciplinary penalties shall include:
 - 1) caution,
 - 2) reprimand,
 - 3) reprimand with a warning,
 - 4) suspension of certain student rights for a period of up to one year,
 - 5) expulsion from the University.
5. For minor breaches, the Rector may inflict the penalty of a caution, after a prior hearing with the defendant or his or her defence counsel. A student who has been punished with a caution by the Rector or a student self-government body may lodge an appeal with the Disciplinary Committee within fourteen days of the receipt of the penalty notice. In this case, the Disciplinary Committee may inflict only the penalty of a caution.
6. A student may not be simultaneously punished for the same act by the Rector and the Disciplinary Committee for Students.
7. The decision of the Disciplinary Committee for Students may be appealed against to the Disciplinary Appeals Committee for Students within 14 days of the receipt of the decision. A final decision of the Disciplinary Appeals Committee for Students may be appealed against to the administrative court.
8. A student who is under the influence of illegal psychoactive drugs may not participate in classes, otherwise disciplinary proceedings shall be initiated or a disciplinary penalty referred to in section 4 shall be inflicted.
9. A disciplinary penalty shall be erased from the register of penalties 3 years after the penalty decision became final. The body which inflicted the disciplinary penalty may decide to erase it from the register of penalties at the request of the penalised, submitted no earlier than a year since the penalty decision became final.
10. Detailed rules for disciplinary proceedings shall be laid down in separate regulations in force at the University.

X

Terms and conditions
for participation of
exceptionally gifted
pupils in courses
provided within study
programmes

X Terms and conditions for participation of exceptionally gifted pupils in courses provided within study programmes

§ 39

1. Exceptionally gifted upper-secondary school pupils, hereinafter referred to as pupils, may apply to the dean with a request to participate in courses provided within study programmes relevant to their talents and interests.
2. Decision on a pupil's participation in courses shall be taken by the dean upon recommendation of the school headmaster and, in the case of underage pupils, also the consent of the parents or legal guardians of the pupil.
3. A pupil allowed to participate in courses shall have the right to use the teaching premises and facilities of the University and to receive support from its academic staff. He or she may also participate in student research activities.
4. A pupil shall be obliged to observe the rules and regulations binding at the University.
5. Course credit for a pupil shall be awarded on the basis of rules binding for students and shall be entered into the Pupil's Transcript of Academic Progress. The dean may determine an individualised method of awarding course credit for pupils.
6. A student completing a study programme which covers courses he or she participated in as a pupil may be exempt from the requirement to obtain credit for the courses he or she has already passed. The decision in this regard shall be taken by the dean.
7. A student completing another study programme than the study programme which covers courses he or she participated in as a pupil may be exempt from the requirement to obtain credit for the courses he or she has already passed provided that the achieved learning outcomes are equivalent to the learning outcomes of the courses. The decision in this regard shall be taken by the dean.
8. A pupil participating in classes shall hold a valid medical certificate stating no contraindications for class attendance during which he or she may be exposed to harmful, uncomfortable or hazardous conditions.

XI

Final and transitional provisions

XI Final and transitional provisions

§ 40

1. Study programmes started before the academic year 2019/2020 shall be based on the educational programmes provided hitherto, but from 1 October 2019 on, the University shall issue the graduates of the programmes a graduation diploma in accordance with the regulations laid down in Art. 81 of the Act.
2. The amounts of fees for the issue of a graduation diploma and diploma supplement, as well as copies thereof, for persons admitted to study before 1 October 2018 and for those starting study programmes in the academic year 2018/2019 shall be laid down in the University's internal legal regulations.
3. Agreements referred to in § 3 section 5 of the Academic Regulations adopted by the Senate of the Warsaw University of Technology on 20 May 2015 as amended shall remain applicable. The agreements shall be interpreted on the basis of Art. 160a of the Act of 27 July 2005 Law on Higher Education (Journal of Acts of 2017, item 2183 as amended) in connection with Art. 264 section 1 of the Act of 3 July 2018 Implementing Provisions to the Act – Law on Higher Education and Science (Journal of Acts of 2018, item 1669 as amended).

§ 41

These Academic Regulations shall also apply to students who were admitted before the academic year 2019/2020.
